CAIs Morkov, Raevebjerg (DEN) 27.04-01.05.2022

Dear Mr Clausen,

This letter concerns the CAIs in Morkov, Raevebjerg (DEN) 27.04-01.05.2022, for which you were listed as Event Director in the FEI approved schedule.

Some positive feedback was brought to our attention:

- The Scoring office was very efficient,
- The event office did a good job,
- The overall facility: obstacles, footing, and various arenas were of a good quality.

We would like to sincerely congratulate you and your team for this effort.

One item was brought up for improvement:

- The speaker in warm-up arenas should be moved further away from the side of the main arena in order to not disturb the competition.

I remain at your disposal for any question and look forward to seeing improvements for the next competition.

Kind Regards,

Manuel Bandeira de Mello

FEI Director Driving and Para Driving
